## STAINED GLASS

is more than just a hobby; it's a skilled trade. Learning the basics is simple enough for ages 8 and older. We make a variety of styles from jewelry to suncatchers, windows and doors, cabinet inserts, 3D glass art like boxes, birds, buildings, and plants and much, much more. Over the summer we teach a beginner glass course! Students learn to cut, grind, foil, solder, patina and polish a five piece ornament in the first lesson..In the next four lessons you will build a simple suncatcher up to 15 pieces from our approved pattern book. Students then have access to assist with large community projects.

## MURALS

Whether it's temporary or everlasting, paint or glass we love looking at your brand through a new light. Our professional glass artist ToasT works closely with you to design a unique visual representation of your brand using quality materials

## ABOUT US

We're passionate about finding ways to give back to our community - whether that be here in Hamilton, or out in the world. Mentoring at-risk individuals through workshops, our mission is to make art accessible to everyone. Teaching others to build and sustain a lucrative business in our unique consignment art gallery provides a platform for aspiring artists with various barriers to display and sell their artwork.
